

REMARKS

Fig. 4B is amended to add an inadvertently omitted reference numeral and Fig. 8B is amended to add the subheading. The proposed amendments are consistent with the Written Description, paragraph [0079] and [00117], respectively, of the as-filed specification. The undersigned believes these amendments do not add new matter.

Claims 33-44 are cancelled with express reservation to pursue claims 33-44 in a divisional patent application claiming priority from the instant application.

CONCLUSION

If the Examiner believes a telephone conference would expedite prosecution of this application, please telephone the undersigned at 707-591-0789.

Respectfully submitted,
